

Modulbeschreibung Entwicklung (Lehre)

Kurzbezeichnung (Nr.)*	HGK.DM02.06 XXXXXX????????XXXXXXX
Bezeichnung (Titel)*	HGK.DM Art History II
Studiengang	DMI
Fachbereich	alle
Art des Studienganges	<input type="checkbox"/> Bachelor
Modulniveau	Basic
Modultyp	<input type="checkbox"/> C
ECTS-Credits	1.5
Zeitpunkt / Dauer	18.12.-22.12.06, mo to fri, 5 lessons each day
Anzahl Lektionen	25
Lernziele/Kompetenzen (Fach-/Methoden-/Sozial- und Selbstkompetenz)	<p>Students understand the relational interdependence between a cultural setting, the changing visions of art and of the function of museums and a museum's architectural desing.</p> <p>They have acquired an insight into the complex system called museum today by visiting three such institutions on which they apply the relevant notions and terms.</p> <p>This contributes to their knowledge of formal languages called styles in western art.</p>
Inhalt / Übersicht Kurse (Lerninhalte/ Aufbau des Moduls)	<p>The module starts with firsts steps into notions of the museum from the beginning in the 18th century to present days. This includes the view at the general historical context as well as the specific architectural languages.</p> <p>The following two days are dedicated to selected institution, i.e. art museums. Students research in teams on one specific regional museum each group and explain their findings to their co-students with an introduction into the house's general history and operational structure. With each house we want to comprehend its specific meaning and character also depending on its architecture as a means of communication and ideology as well as a logistics.</p> <p>Our visit to the Kunstmuseum Luzern will be prepared through O'Doherty's thesis "Inside the white cube" and we will meet Christoph Lichin, curator of the actual exhibition "models for a museum", for a tour.</p>
Besondere Eintrittsvoraussetzunge	Pass of module HGK.DM01.06 (Nr. ???)
Unterrichtsunterlagen/ Literatur	
Lehrform/Lehr- und Lernmethoden	Lecture, Research in Teams, Excursion, Discussion
Leistungsnachweis(e)	substantial contrubution in team work and partaking in presentation, oral or written, according to required standards
Leistungsbewertung/ Testatanforderung	Classification of individual and team-work according to creteria communicated at beginning of module; active presence at least 80 %.
Anschlussmodul
