Tourismus AG

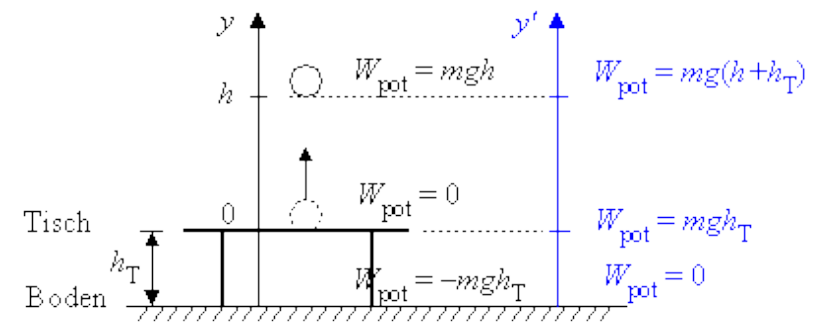

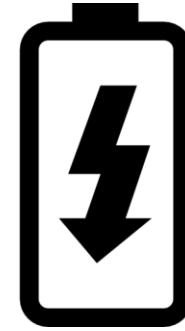

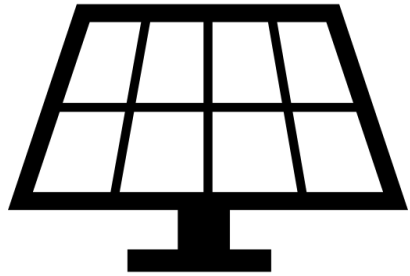

# Konzept Intervention

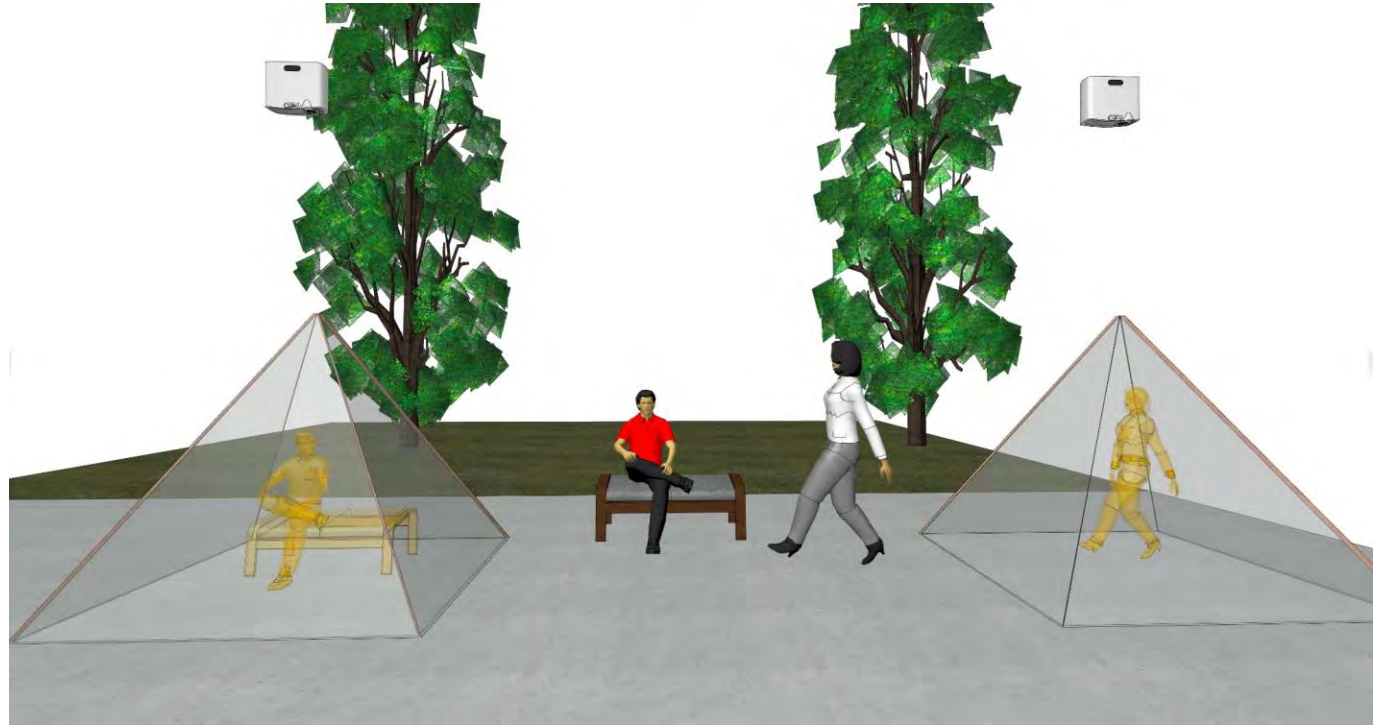

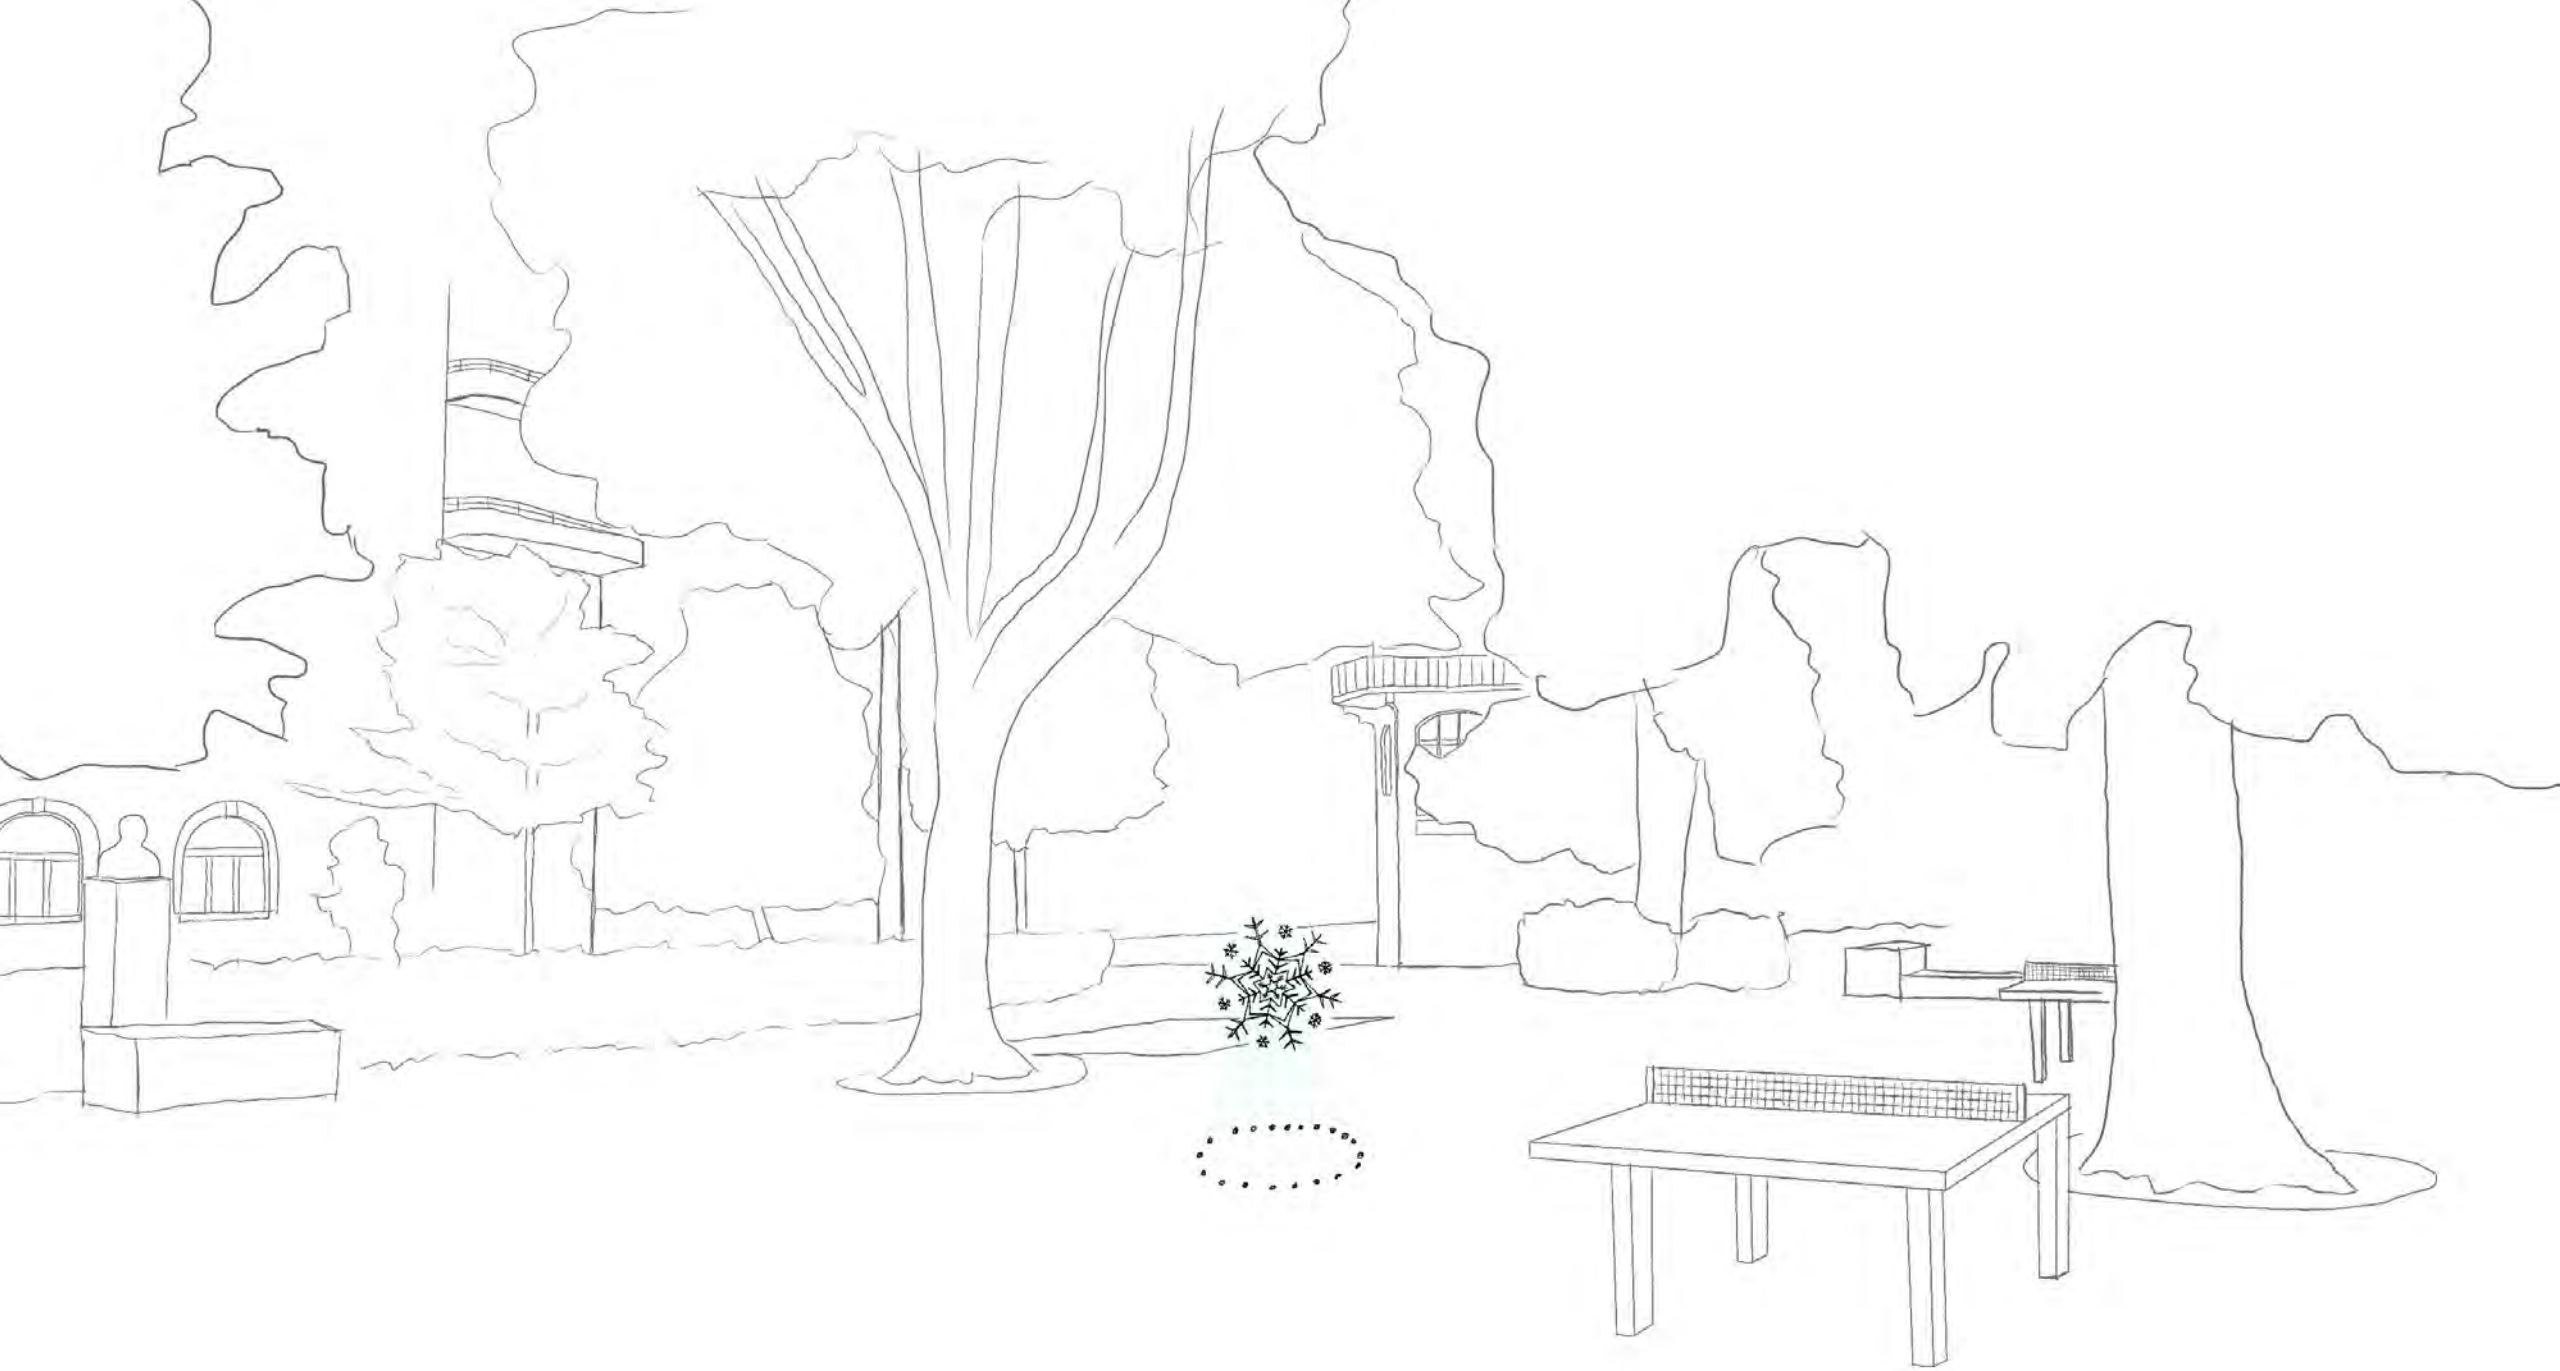

# Zahlen und Daten

- Konzept mit Sonnenenergie
  - Ca. 2000 Wh (nach ersten Berechnungen)
  - Die Hologramme leuchten dementsprechend je nach Ladung
  - Hologramme leuchten jeweils minutenweise
- Steinkonstruktion
  - In 20m Höhe ist der Spitz
  - Seilabwicklung bis 15m vom Spitz
  - Steingewicht: ca. 30t
  - Pyramidenkonstruktion
  - Drei Stützen mit jeweils einem Fundament

A vibrant park scene with people sitting on the grass under large trees. The image shows a lush green lawn with many people, including children and adults, sitting on the grass. Large, leafy trees provide shade over the area. In the background, there are buildings and a clear blue sky. The overall atmosphere is bright and sunny.

Danke für die Aufmerksamkeit
